

GOLD DUST

is a powdered soap of magic power

Soap is often made from cheap refuse animal fats.

Don't worry.
GOLD DUST washing powder is a clean, wholesome vegetable oil soap, blended with carbonate of soda, and ground to a fine powder.

Not a trace of animal fat in it.

Our workmen at the factory never use gloves, but handle GOLD DUST, year after year, with bare hands, thus proving it harmless to skin or fabric.

PROF. LOCKEY

TO GO TO PERU

HE WILL BE ONE OF THE THREE
AMERICAN TEACHERS TO TAKE
CHARGE OF THE GOVERNMENT
SCHOOLS AND APPLY MODERN
METHODS.

Information received in the city yesterday is to the effect that Prof. J. B. Lockey, formerly principal of the Pensacola High school, but who has been taking a course at Columbia University, has been honored by being selected as one of the three American teachers to go to Peru and take charge of the government schools, applying modern methods in the conduct of the schools.

The Peruvian government has decided to import a few American teachers, according to the information, and evidently applied to Columbia university for them. One of the teachers is to be superintendent of elementary schools, another is to be a division superintendent and Prof. Lockey is to have charge of the preparatory department at Gaudeloupe in Lima. This is a state college and the preparatory department has just been added.

The party will start about June 1, and the friends of Prof. Lockey hope that he will pay Pensacola a short visit before departing.

charge of kidnapping from ten years to ninety.

After some discussion the senate indefinitely postponed the Beard piracy bill. Notices were given of motions to reconsider, however.

SESSION OF SENATE.

Twenty members were present when the senate was called to order at 10 o'clock.

Bills were introduced as follows:
Senate bill No. 397, Humphries, for organizing of horticultural non-profit associations.

398, Humphries, prohibiting cock fighting.

399, Sloan, relative to penalty for kidnapping.

Orders of the day were then taken up.

Senate bill No. 67, Dayton, authorizing special tax school districts to erect and improve school buildings, and to issue bonds therefor. Made special order for Wednesday at 10:30.

As a special order senate bill No. 369, Beard, relating to powers and duties of pilot commissions, was taken up. Senator Davis moved indefinite postponement. Senator Beard explained the measure and opposed the Davis motion. Senator Buckman stated he had received telegrams and resolutions from Jacksonville objecting to the measure.

Senator Harris referred to the bill which he had introduced but later withdrew and explained the changes in the present laws which pilots have urged.

The motion of Senator Davis was adopted 14 to 5. Senator Beard changed his vote and announced his intention of moving a reconsideration. Senate

bill No. 356, McCreary, establishing city of Newberry. Passed.

Senate bill No. 392, Harris, vacating certain streets in Key West for the government reservation. Passed.

393, Hudson, establishing city of Miami. Passed.

Introduction of bills:

394, Sloan, relative to sale of liquors in dry counties.

395, Sloan, prohibiting the operating of work or freight trains on Sunday.

396, Henderson by request, providing for erection of dams.

Adjournment was then taken until tomorrow.

TRANSFORMING PENSACOLA ARE NEW SIDEWALKS

Ten Miles of Walk Have
Already Been Laid
by Contractor.

FEW PEOPLE REALIZE THAT
FROM THREE TO FOUR BLOCKS
A DAY ARE BEING PUT IN, CON-
SUMING DAILY SIX CARS OF
SAND AND GRAVEL.

About the biggest visible public improvement that Pensacola has ever undertaken is the sidewalk building which is now being rapidly pushed by the Whiddon Construction Co. Few people probably realize just how fast this work is going on, and fewer still who have not witnessed it can comprehend the transformation that is taking place.

It will no doubt be news to many people to learn that six cars of sand and gravel are being consumed every day in this sidewalk building and that 1,200 lineal feet, or from three to four blocks of sidewalk are being laid before sunset each day in the week.

Mr. Whiddon yesterday informed a local representative that he had already laid about seven and one-half miles of sidewalk out of the 20 miles which his contract with the city calls for and that he had put down three miles additional for private owners outside of the city contract. This makes a total of ten miles of sidewalk laid, and by the time the city contract is finished the total will probably amount to no less than 30 miles.

One of the provoking difficulties which the contractor has encountered has been a species of vandalism, probably on the part of mischievous boys, which has consisted in writing names, making scratch marks, and otherwise defacing the sidewalks. He of these boys can be caught they will no doubt be severely dealt with, a heavy fine and a sentence in the city jail being good punishment for them.

Along with the sidewalk improvement has come the taking down of many of the unsightly fences which have so long been an eyesore in the city, and lawns are being graded up or terraced down, as the case may be, flush with the sidewalk, making a beautiful appearance.

Mr. Whiddon's work is, as a whole, far superior to most of the work that has ever been done on the sidewalks of the city and, with few exceptions, is proving as satisfactory to the private property owners as it is to the public at large.

City Can Compel L. & N.
to Pave Tarragona Street

(Continued From First Page)

road Company "to pay the cost of paving between the rails of each of its tracks and eighteen inches on each side thereof" as is provided by section 2 of the recent act of the legislature relating to the improvement, etc., of streets in the city of Pensacola.

I further advise that until such time as the city shall change that portion of Tarragona street as it was built of chert by the Louisville & Nashville Railroad Company under the aforesaid ordinance it is the duty of said company to maintain the spaces between the rails of its tracks and between its tracks and to the outer end of the cross-ties in "thoroughly good order"; such repairs needed to so maintain said specified spaces to be of chert and other suitable material.

There is no penalty provided in the ordinance for failure of the railroad company to perform this duty, but if it fail therein after notice from the city, performance thereof could be enforced by mandamus proceedings.

Yours very truly,
JOHN B. JONES,
City Attorney.

The opinion of the attorney will be presented to the council at its meeting tonight.

DECLINES TO PAY REWARD TO AN OFFICER

BROUGHT OUT IN COURT THAT
TRAP HAD BEEN SET FOR MAN
IN ORDER TO GET REWARD—
COUNTY COMMISSIONERS ALSO
DECLINE TO MAKE DONATION
FOR MARDI GRAS.

According to the statements of Sheriff Van Pelt and Deputy Sheriff Cusack, made before the county commissioners at their meeting last night, Judge E. D. Beggs, of the criminal court, ordered that the reward of \$50 offered under the state law to the person who furnished evidence to convict a defendant charged with selling liquor in a "dry" precinct, be not included in the costs of court in the case against Joe Nears, colored, who was convicted at a recent term of the criminal court, because a trap had been laid to cause his arrest by Constable W. M. Bowman at Century.

The arrest of Nears, it was said, was caused by some young white men informing him that the whiskey was wanted for an aged woman who was dangerously ill. He had about two gallons of whiskey in his possession, from which he sold the men a small quantity.

His arrest followed and later he pleaded guilty to the charge, sentence being suspended upon payment of costs of court.

Constable Bowman's request that he be paid \$50 reward was refused by the board on advice of the county attorney.

PROPERTY SOLD FOR TAXES.

A communication from J. C. Edwards, white, in which he claimed certain land owned by him in this county had been sold for taxes by former Tax Collector A. H. D'Alemberte, now living in Texas, was also tabled, the board informing him that he would have to take the matter up with the bondsmen of Mr. D'Alemberte. The board acted on the advice of the county attorney, who submitted the following opinion in the matter:

"In the matter of Edwards for relief on account of the selling of his property for taxes in error, I beg to advise you that it is my opinion the county commissioners have no authority to grant any relief. The error was that of the tax collector, to whom the aggrieved party must look for relief upon his official bond."

NO MARDI GRAS DONATION.

The board declined to make a donation to the 1910 Mardi Gras carnival, the communication from the business men's committee regarding the matter being tabled without discussion.

The request of N. Berlin that he be refunded \$50, the amount being the bond of Wm. Kater, white, who pleaded guilty recently to a certain charge in the criminal court, was granted.

When Kater was released on bond he left here, but has returned to the city. He was fined the costs of court, amounting to \$23.35.

Chairman Oetting presided and Commissioners Brown, Davis, Stewart and McQuarrie were present.

COMMITTEE AT REFORM SCHOOL

LEGISLATIVE COMMITTEE VISITS
MARIANNA AND APPEARS WELL
PLEASED AT MANNER INSTITU-
TION IS CONDUCTED.

Special to The Journal.

Marianna, May 11.—A committee from the legislature, consisting of C. J. Dupont, W. L. Wall and Mrs. A. M. Richard came over yesterday to investigate the state of affairs at the state reformatory, situated three miles from Marianna.

They found Burrell Morgan in charge as superintendent, and expressed themselves as well satisfied with the way the white boys are handled. The sleeping quarters clean and comfortable, yard and premises in proper order, the boys content and learning.

The department in which the negro boys are confined they found in fair condition.

The committee will recommend several changes. Among others, removal of the high fence around the handsome and otherwise comfortable houses built for these unfortunate waifs.

What they will recommend as to the additional appropriation is not known as yet.

Ex-Senator W. H. Milton accompanied the committee and gave them all the information possible.

ALABAMA'S PROHIBITION
BILL IS A SOUND ONE.

By Associated Press.

Montgomery, Ala., May 11.—In refusing to grant a rehearing in the case of Collman vs. the Probate Judge of Dallas county, the supreme court again gave strength to the general prohibition bill already declared constitutional. It is held that there is no evidence presented to show that the bill is not in every way sound.
